

GRID Alternatives

California Solar Initiative's Single-family Solar Affordable Homes (SASH) Program

STANLEY GRESCHNER
Director – SASH Program

Phone: (510) 652-4730 ext. 322

E-mail: sgreschner@gridalternatives.org

SASH is a program that is part of the California Solar Initiative and funded by California utility ratepayers under the auspices of the California Public Utilities Commission.

GRID Alternatives

Mission: To empower communities in need by providing renewable energy and energy efficiency services, equipment, and training.

- Non-profit 501(c)(3) organization
- CA licensed C-10 electrical contractor
- Program Administrator of CSI Single-family Affordable Solar Homes (SASH) Rebate Program
- Job trainee and Volunteer-based installation model

GRID Alternatives

SASH Program

- Budget \$108M; 5% of overall CSI Budget
- Runs through 2015
- Installed Capacity, anticipated: 14-16 MW
- Families served: ~6000 PV solar systems installed
- >100,000 workforce development, job trainee/volunteer opportunities
- >1 million hours of hands-on solar installation training experience

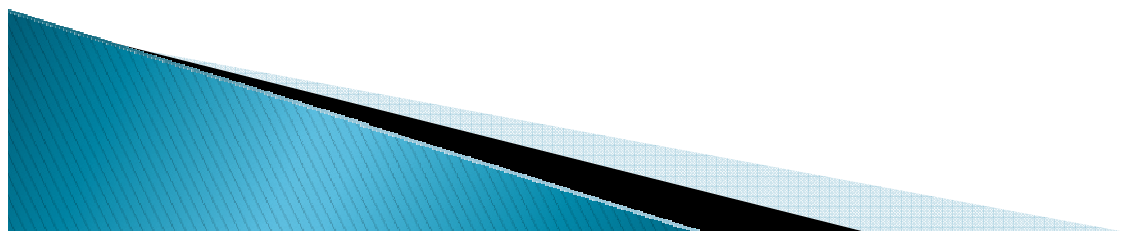

GRID Alternatives

SASH Program

A Comprehensive Low-Income Solar Program

- Differential Incentives
- Energy Efficiency
- Workforce Development; Job training
- Volunteerism and Community Engagement
- Promotes sustainable solar industry in CA

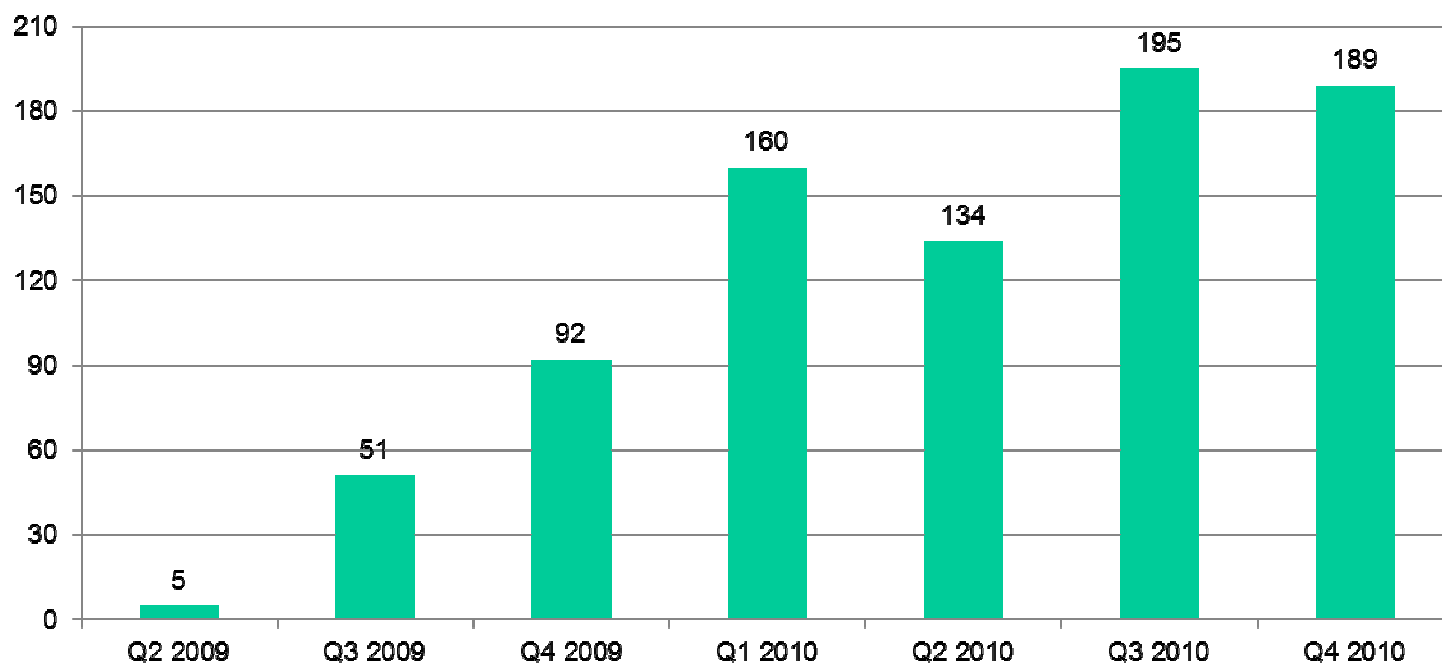

GRID Alternatives

SASH Applications per Quarter

Steady growth expected to continue through 2011.

GRID Alternatives

SASH Applications by Status and Service Territory

Application Status	Number of Applications				Total kW, (CEC-AC)	Total Incentives, \$ millions
	PG&E	SCE	SDG&E	Totals		
STEP 1:						
Applications under review	135	163	13	311	778	\$4.67
STEP 2: Confirmed						
Applications/Reservations	88	77	17	182	558	\$3.60
STEP 3: Completed/Installed						
	192	103	71	366	939	\$6.19
TOTALS	415	343	101	859	2,275	\$14.46

Data as of 2/25/11

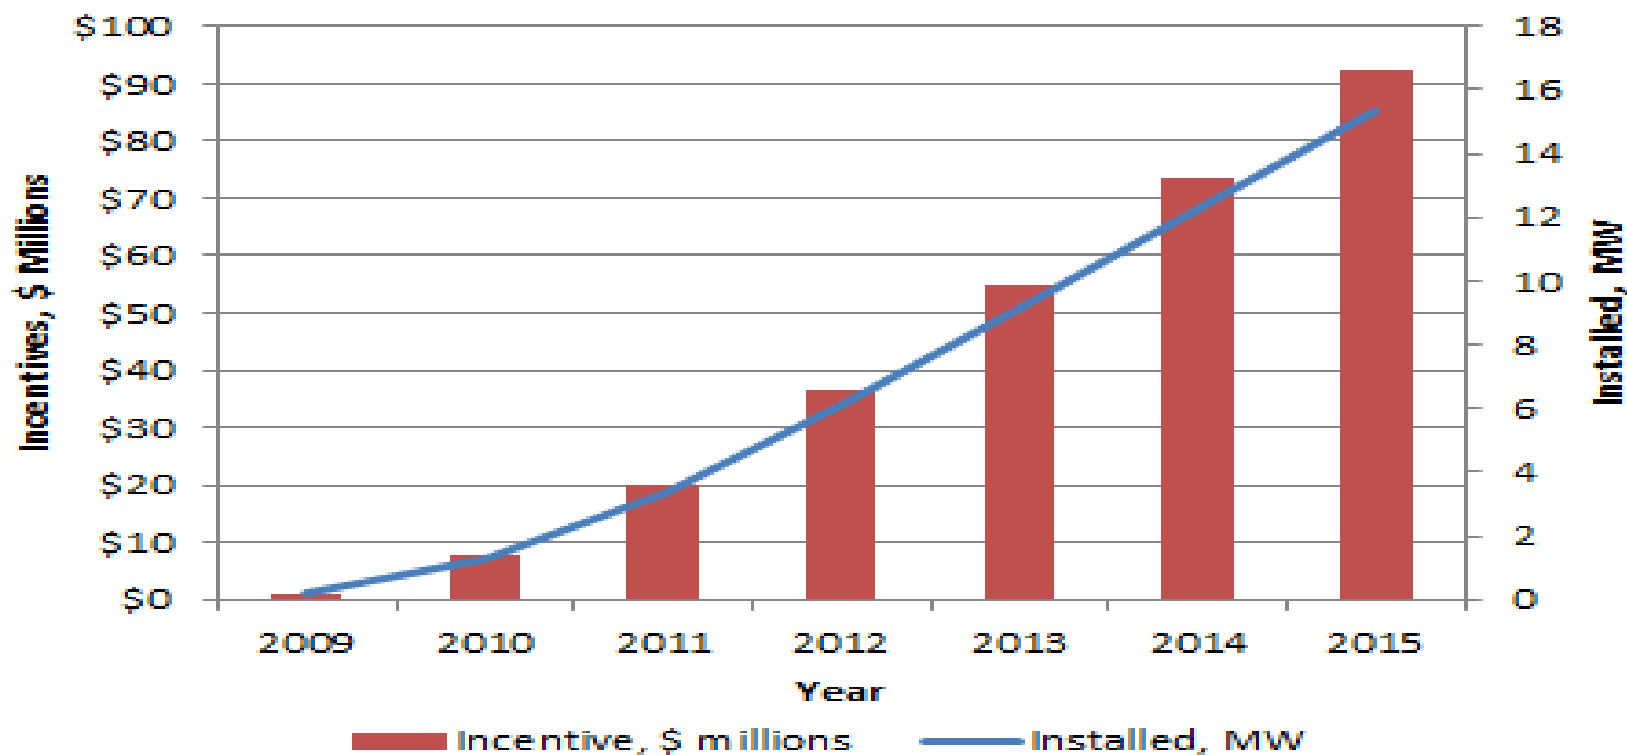

GRID Alternatives

Application Targets: Incentives & Capacity

- At end of 2010, SASH Program was **ahead of targets by >60%**.
- Annual estimates are cumulative
